## Greening up their alley

Almost-7-year-old Holland Pritchard cleans up debris in the alley between Oxford and Marcil, running north to Sherbrooke from de Maisonneuve. On May 14, over 50 residents came together to begin a green-up project aimed at beautifying alleyways. The project is supported by the Éco-quartier NDG in partnership with the NDG Food, D, not, Prevention NDG and C-Vert youth group.
